

MaaS4EU

End-to-End Approach for Mobility-as-a-Service tools, business models, enabling framework and evidence for European seamless mobility

SAVE THE DATE: MaaS4EU FINAL CONFERENCE

The **MaaS4EU** project partners are pleased to announce that the project Final Conference will take place virtually on **29th October 2020 from 14:00 to 17:30**.

MaaS4EU is a three years research and development project funded by the Horizon2020 Research and Innovation programme, bringing together 17 partners from several sectors and backgrounds to provide viable evidence and solutions about the MaaS concept.

MaaS4EU developed a user-centric, intelligent mobility distribution model, in which users' needs are met via a single platform and are offered by a service provider, the mobility operator.

The **MaaS4EU** project was built around the 4 main pillars: 1) Business, 2) End-Users, 3) Technology & Data, 4) Policy

During the event we will address the following topics:

- Project Overview: **MaaS4EU** concepts, objectives and key elements
- Platform and technology
- Main lessons learned
- Challenges faced
- **MaaS4EU** Policy Recommendations

More info and Agenda will be soon available on the website: www.maas4eu.eu/category/news-events/
